The game is a real-time strategy game where the player takes the role of a renegade soldier (Ranger) battling against other warriors (Intellizen) in a post-apocalyptic landscape. The package includes: Trial version: - 8 secret missions. Additional mission: - 8 secret missions. Additional missions on the game disc: - 12 secret missions. The gameplay is similar to the "ZRUD" and "OBJECTIVE" strategy games for the original version of the Command & Conquer series, based on the original concept. In KKnD 3 Battle for Nekres, the gameplay includes: Land, air and sea units perform a variety of missions. These missions may include gathering resources, assassinating enemies, driving vehicles, escorting VIPs, and defending bases. Each mission is a story in which a commander protects a base, a city, or an outpost, and must stop an opposing attack force. As the map for each mission increases, the commander advances into enemy territory, encountering a variety of opponents
